

Teen Advisory Group
February 17, 2023

At their initial meeting members discussed guidelines and outcomes for the group. Members discussed group guidelines and rules. Members decided that they did not want to implement formal board roles and responsibilities at this time, with the exception of two co-chair positions. The two co-chairs will lead the meetings (with the assistance of the advisor) and help guide the conversations. The library advisor will take notes at each meeting and post them for viewing.

Ground rules for the TAG include: no hate speech, no bullying, be kind, and let others have a chance to speak (in addition to all normal library rules and guidelines).

Members brainstormed ideas that they would like to look further into. All ideas were written down, including ones that are out of the group's current scope and ability.

Our next meeting will be on Friday, March 3, 2023. Objectives for that meeting include prioritizing TAG goals, identifying priority projects, and starting a plan. We will also discuss changing the start time for the TAG from 3:30 to 3:00 PM.
