OUR FUNDING

YPL is a public library, receiving roughly 65% of its annual operating budget from the Town of York. The remainder, in addition to all capital expenditures and projects, falls to the York Public Library Association. **Your sponsorship helps provide the critical funding necessary to sustain the valuable resources and programming we offer this community.**

YORK PUBLIC LIBRARY (YPL) is a literal and figurative community center, providing York's 13,500 residents and estimated 30,000 summer visitors access to materials, services, and collections dedicated to people of all ages, income levels, backgrounds, and abilities. We offer a wealth of ongoing educational, recreational, and cultural programs – all geared to enrich, entice, and inspire – and all free and open to the public.

The Library is owned and operated by the York Public Library Association (YPLA), a 501(c)(3) nonprofit organization incorporated in 1922.
